Gunnison Watershed RE-1J Gifted Education Teacher Referral Form (Confidential)

<u>Philosophy</u>: The Gunnison Watershed School District believes that individualized programs should be made available to meet the unique educational needs of the gifted and talented child.

Gifted and talented children means those persons between the ages of five and twenty-one whose abilities, talents, and potential for accomplishment are so exceptional or developmentally advanced that they require special provisions to meet their educational programming needs.

Gifted and talented students are capable of high performance in any or a combination of these areas: general intellectual ability, specific academic aptitude, creative, productive thinking, leadership and human relations skills, visual and performing arts, and psychomotor abilities.
